Dear Ms. Pemberton:

The U.S. Environmental Protection Agency (EPA) acknowledges receipt of the request that you submitted on behalf of Cheniere Energy, Inc. (Cheniere), dated March 8, 2022. I am replying on behalf of Michael S. Regan, EPA Administrator. In its correspondence, Cheniere requested that the Agency withdraw or stay, pending judicial review, the final rule amending the National Emission Standards for Hazardous Air Pollutants for Stationary Combustion Turbines (Turbine NESHAP), published in the *Federal Register* on March 9, 2022 (87 FR 13183). This final rule removed the administrative stay of standards for certain gas-fired turbines from the Turbine NESHAP.

We will continue to review Cheniere's request. If you have further questions, please contact Nick Hutson at (919) 541-2968 or hutson.nick@epa.gov.

Sincerely,

**PENNY
LASSITER**
